

## **Arbutin Cream Announces Launch of New Website**

*Skin whitening and age-defying beauty product Arbutin Cream is proud to announce the launch of its new website*

**Melbourne, Victoria, Australia - 27 September 2012** – Skin whitening and age-defying beauty product [Arbutin Cream](http://arbutincream.com/) (<http://arbutincream.com/>) is pleased to announce the formal launch of its new website. This new site informs its readers on this effective skin whitening cream that has achieved wonderful results against hyperpigmentation problems of the skin.

Tired of dealing with your dark skin? Getting frustrated with your wrinkles, age spots, and fine lines? Do you seriously wish for a healthier, youthful glow? Worry no more because we have the solution.

One of the most effective skin whitening and anti-aging creams available in the market today is Arbutin Cream. Arbutin is a natural plant extract found in bearberry which contains safe and effective whitening properties. It is widely used as a whitening and anti-aging beauty product to enhance skin fairness and helps fight dark spots. Arbutin helps keep your complexion smooth, soft, and noticeably white in just a few weeks. It has also been discovered that Arbutin is used as an active ingredient by a high-end make up brand.

Thanks to the newly launched website, Arbutin Cream is now readily available on the internet. It also features in its website another variant of Arbutin which is more potent and effective called the Alpha Arbutin. By using this cream, it whitens your skin faster and keeps your skin protected much longer.

ArbutinCream.com offers a very simple and contemporary interface to make sure its visitors will have a more organized and convenient browsing experience - this means user-friendliness and hassle-free navigation.

Enjoy a faster, convenient and easier browsing with Arbutin Cream's new site. To check the new website or contact Arbutin Cream to know more about their products, kindly visit <http://arbutincream.com/>.
